To Whom it May Concern:

We are writing to let you know that we offer a TNR (trap-neuter-release) program for cats here at the ACSPCA. There is a significant need for this program in the area, as there are numerous cat colonies both in public areas and on private property. TNR is the best way to keep feral cat numbers under control. When the cats are brought in they are fixed, given a rabies vaccine, and ear-tipped to indicate that they are now fixed. Since starting the program, we have noticed that it is keeping feral cat numbers lower. The cost per cat is \$30, and they must come in a Have-A-Heart trap (we rent out traps if needed). We also offer low-cost spay and neuter for owned pets.

We have enclosed several fliers and we would appreciate if you would spread the word about this program.

Thank you very much for your involvement.

Sincerely,

Abigail Avery
Shelter Director

A pair of cats and their offspring can produce 420,000 kittens in seven years!

Spay/neuter is affordable.

Spay/neuter is the right thing to do.

Call 717-334-8876 extension 28

for information about our low-cost

TNR (trap-neuter-release) program

Help end cat overpopulation.
