2016 ANNUAL REPORT

ADAMS COUNTY COMMUNITY FOUNDATION *For Good • For Adams County • For Ever*

Mission

To inspire people and communities to build and distribute charitable funds
for Good, for Adams County, for Ever.

Vision

Adams County Community Foundation will be a leading resource, promoting philanthropy
among people of all means who wish to make lasting and meaningful contributions to Adams County,
and providing opportunities to develop and strengthen our communities.

Values

Accountability • Transparency • Confidentiality • Compassion • Inclusiveness

EXCELLENCE IN ALL THINGS

Dear Community Friends,

Barbara B. Ernico, President, and Terry Gingrow, Board Chair

Dear Community Friends,

2016 will go down as our most significant year to date. Our 9th year of business was a blockbuster. Thanks go to our donors who see this Foundation as their partner to build a strong community through philanthropy.

We began the year by moving into our new home office at 25 S. 4th Street in Gettysburg. Purchased with a generous gift from Thomas and Florence Metz, the building meets our needs for work space, confidentiality and accessibility. On June 22, 2016, the Thomas and Florence Metz Home for Philanthropy was dedicated before a small group of invitees. Metz family members and key staff, Foundation Board members, and county leaders, joined Pastor Jay Zimmerman to dedicate this building to the service of philanthropy.

Our endowed funds reached a goal we have dreamed of \$10.2 million. Over the year, gifts for endowments kept pouring in and we received \$1.2 million dollars for new funds with another \$200,000 for existing funds. What this means is that the Foundation will have potential earnings of at least \$450,000 from our permanent funds to support community needs and programs every year.

2016 distributions to community non-profit organizations reached an all-time high of almost \$728,157. Supporting the Arts, Civic programs, Education, Human Services, Religion, and Scholarships, these grants impacted many lives and met many needs.

The Giving Spree also was a fabulous success bringing in more donors and more gifts. We set a new record of \$304,000 in gifts, matched by \$30,000 from the Thomas and Florence Metz Fund, Knouse Foods Cooperative, Brown Advisory and an Anonymous Donor.

Administratively, the Foundation strengthened its internal operations by adopting a Succession Plan for our leadership, implementing a Board Ambassador Committee to strengthen Board skills, and beginning strategic grant-making by moving forward with the focus areas identified by the 2015 Needs Assessment.

READ MORE as we feature our successes in this Annual Report. Thank you for contributing and thereby partnering with us "for Good, for Adams County, for Ever."

Giving Spree...

Matching donors to their passion in charitable giving is an important role of Adams County Community Foundation. Hosting its sixth annual Giving Spree in November at the Gettysburg Area Middle School, the Community Foundation featured sixty-three nonprofit organizations in Adams County for donors to experience. Once again, a "Giving Frenzy" produced the most successful fundraising event to date. \$301,530 was raised in a single day from gifts of 554 donors. Every donation was returned to support the efforts of the organizations in attendance and in fact, an additional \$30,000 was provided in matching funds to make the returns even better.

Donors could make their contributions throughout the day, going online for giving through the Foundation's website or attending a special reception for giving; however, the best experience is attending the Giving Spree event held at Gettysburg Area Middle School. This event gives donors the chance to meet face-to-face with the individuals behind the organization(s). Staff and board members of the organizations are on hand to answer questions and provide updates on goals and projects and to explain how a gift would make an impact.

Jay Brown, a Donor who has served on a number of community boards, says "It's great to be here and see the people active in these organizations. It's a pleasure to see this event grow." And indeed it has grown—from 2011 when the event featured 27 agencies and raised \$10,000 to 2016 with 63 agencies and \$331,530.

"What a pleasure it is for the town to have the community foundation bring together the diverse group of organizations for donors to get to know." - Bonnie Brown, Donor

Grants Impact Lives

With almost 50% of endowments designated for community impact, Adams County Community Foundation is able to fund a wide variety of projects, addressing significant community needs that may otherwise go unmet. In 2016 the majority (or 42%) of funding went to organizations that are civic in nature, for projects ranging from new firefighting apparatus to AV equipment in the library and an accessibility lift for a swimming pool. Human Service organizations turned to the foundation to fill the gaps left by government programs, improving the safety and security of shelters, updating brochures for First Responders to give to families experiencing child abuse, and filling backpacks full of food so low income children have food security on weekends. Grants helped ensure that Adams County continues to be an arts-rich community, funding cultural festivals, choral and instrumental concerts, and theatre programs. Our schools provided enrichment beyond their budgets by turning to the foundation for special technology, supplies and playground equipment. We supported health care organizations to provide medical and dental services and medications for uninsured and underinsured residents.. We protected our county's historical bounty by funding archival supplies, historic structure roof repair, and barn preservation. Several churches received funding for their important programs or necessary repairs.

DOOR OPENERS //

Impacting the Future

Attorneys, accountants, investment advisors or insurance professionals can have a major impact on the health and well-being of the Adams County community. These advisors work with their clients around estate planning or business ventures or managing personal wealth. Attorneys may begin a meeting with a client writing a Last Will & Testament by asking, "What charitable gifts would you like to consider?" Accountants working with a client in the sale of a business might recommend a charitable gift to offset the capital gains of the sale. Investment advisors or insurance professionals might advise that a charity be named as the beneficiary of a fund or policy for tax benefits. When these professionals refer their clients to the Foundation to start an endowment fund, we recognize these professionals as "Door Openers."

The Medallion Partner program is for investment advisors who are managing charitable funds. This Foundation program enables advisors to manage the investment of the funds while shifting the administrative work of the fund—tax filings and charitable distributions—to the Foundation. While saving the investment advisor time and expense, this program allows donors to keep their personal manager in place. Minimums for investment assets apply. Contact the Foundation for more information on the Medallion Partner program.

Door Opener for 2016 David K. James, III, Esquire

David K. James, III accepts the 2016 Door Opener Award for his service to Richard Selby in establishing the Bernard, Mary, and Richard Selby Family Memorial Fund.

Philanthropy... Love Of People

Philanthropy literally means "love" "(philos) of "people" (anthropos) so it means much more than sending a check. Philanthropy ensures that the causes and people you care about are supported in perpetuity. It can give you the opportunity to start or carry on a family giving legacy. By establishing a fund with ADAMS COUNTY COMMUNITY FOUNDATION, you have an opportunity for IMPACTING LIVES:

PERMANENCE

The Community Foundation's infiniteness ensures that your contribution will continually and forever meet needs that are relevant to your interests and the community's needs.

STEWARDSHIP

The Community Foundation's Board of Directors, with guidance from its Investment & Finance Committee and outside investment advisors, closely monitors the performance of professional investment managers. The Foundation makes a full accounting to the community through its annual report, audit and IRS Form 990.

LOCAL KNOWLEDGE

The Community Foundation can expertly assist you in identifying charitable organizations and programs that address your particular interests and local community needs.

ACCOUNTABILITY

The Community Foundation assures that grants are made to qualified public charities and that money is used as it is intended.

COMMEMORATION

The name of a loved one or your name can live on through your fund.

Funds That Impact Lives

COMMUNITY IMPACT FUND

These funds may be commemorative funds that the donor wishes the Foundation to distribute to the community based on current community needs.

DESIGNATED FUND

Grants from these funds are designated to be given to specific qualified charities named by the donor to which the donor may have given during a lifetime.

FIELD OF INTEREST FUND

These funds individually support a broad interest area such as agriculture, entrepreneurship, youth, families, energy, preservation issues. Grants are distributed based on current issues or needs of the community.

DONOR-ADVISED FUND

These funds are typically established by living donors who wish to recommend the distribution of gifts from the earnings of their named fund.

SCHOLARSHIP FUND

Distributions from these funds are made to educational facilities to provide a scholarship for post-secondary education of a student.

ALL OF THESE FUNDS MAY BE NAMED BY THE DONOR(S).

Impactful Ways To Give

When you want to impact lives, you have a number of Ways to Give to support this community forever through a charitable gift. Gifts of cash, stocks, bonds, real estate, personal property, life insurance and retirement plans may be donated to the Foundation. Most charitable gifts qualify for maximum tax advantage under federal law to the donor.

BEQUESTS

In order to include the Foundation in your Last Will & Testament as a charitable bequest, your legal counsel may use language similar to this:

I give, devise and bequeath the following:

(Description of assets that are the subject of the bequest; for example, a stated sum or the residue of the estate, or a percentage of the residue of the estate) to ADAMS COUNTY COMMUNITY FOUNDATION, a non-profit corporation within the State of Pennsylvania.

This gift shall be known as the _____
(Name chosen by you.) Fund. If you desire that the bequest be applied to an area of charitable interest or to specific organizations, add: This fund shall be devoted to the support of: _____.

Donors are advised to consult Foundation staff as well as their own professional advisors for more detailed information about diverse options for giving.

- GIFTS OF CASH
- SECURITIES
- MUTUAL FUNDS
- REAL ESTATE
- PERSONAL PROPERTY
- LIFE INSURANCE
- IRAs AND RETIREMENT ACCOUNTS
- REMAINDER OF A CHARITABLE TRUST

Creating A New Fund

The staff of ADAMS COUNTY COMMUNITY FOUNDATION will make it easy to create your charitable fund. We do all the paperwork and we help you know the decisions you will need to make to guide your fund. We recommend you consider the following steps:

- Discuss your charitable ideas and goals with your family, friends, attorney and financial advisor.
- Determine how you might best achieve your charitable goals and discuss the size and type of gift that is suited to your resources.
- Contact the Foundation to consider the type of fund that meets your charitable interests. Our goal is to help you create the fund that meets your charitable goals.
- Name your fund. A new fund may be created in your name or a loved one's name; the fund may be named to create a lasting memorial to a loved one; or the fund could be named for a charitable cause that reflects the fund's purpose. If you wish, you, as the donor, may choose to remain anonymous.

Impacting Historic Preservation

Grant funding was used to protect the historic Grand Army of the Republic (GAR) Hall located at 53 E. Middle Street in Gettysburg, as well as the resources housed within, when a roof leak threatened to cause damage.

Timely repairs were made by a local roofing company, Coldsmith Roofing, known for their work on historic homes and buildings, and knowledgeable about Historic and Architectural Review Board concerns. The project was completed under budget.

Built in 1822, this is the oldest standing church building in Gettysburg, adaptively reused by Historic Gettysburg Adams County for monthly educational seminars, Sons of Union Veterans of the Civil War Gettysburg Post #112, the Civil War Round Table of Gettysburg, Gettysburg Licensed Battlefield Guides, and other occasional users of its meeting and office spaces. The building houses Civil War artifacts, photos, historical property research, and murals by nationally acclaimed itinerant painter Virginia McLaughlin depicting the history of Adams County.

FUND MATTERS.....

Amig Fund Matures

Sherry Amig loved her work in the Guidance Office of New Oxford High School where she served as a para-professional with responsibility for scholarships. Her role was to help students who were pursuing post-secondary education and Sherry was especially impressed with those students who showed leadership, community service and initiative.

Sherry fought a valiant fight against cancer. When she lost that battle in 2015, her loving family wanted to find a way for Sherry's work with children to continue. They decided that awarding a scholarship to a New Oxford High School student who wanted to continue their education at either college, trade or professional school would be the best legacy for Sherry. Gifts for the fund came from memorial donations, proceeds from fund raisers and family contributions.

Sherry valued leadership, community service, high motivation, involvement in school activities and good academic performance. The Sherry (Krom) Amig Scholarship will be awarded for the first time in 2017.

Apple Seed Funding

Starting a fund during your lifetime gives you the fun and satisfaction of giving back to the community and seeing first-hand what generosity can accomplish. It can also be a time to teach children or family members to be giving and generous. The problem may be finding the money to start a fund at the foundation.

Adams County Community Foundation created "Apple Seed Funds" to help. These are funds that start with a small donation but have the commitment to grow over the years by regular contributions from individuals or family members. They can also be further funded in the donor's Last Will & Testament. In the Will, the fund becomes the fifth child of the family—an entity to be nurtured and grown over the years.

Call us and ask us about starting an "Apple Seed Fund."

2016 New Funds

BRUCE BIGELOW AND JULIE RAMSEY FUND - Designated Fund

Bruce and Julie have lived in Gettysburg since 1974. This fund will provide 100% of earnings to support Gettysburg Hospital Foundation for the first five (5) years and thereafter 100% of earnings to support The Majestic Theater. In the event that these organizations should cease to exist, Donors would recommend gifts be made to Gettysburg College to facilitate student engagement.

LONI AND FRANK BUCK FAMILY FUND - Donor Advised Fund

Loni and Frank Buck have actively supported the Adams County community since making Gettysburg their home in 1998. Especially important to them are historic preservation, community services, and the performing arts. This fund will enable them to pass through gifts to the charities they recommend.

KATHRYN A. COOKE MEMORIAL FUND - Designated Fund

Kathryn Antoinette Cooke loved volunteering at the Adams County S. P. C. A. After she passed in 2015 from the ravages of cystic fibrosis, her loving parents decided to memorialize Kate with this fund which will provide earnings in perpetuity to the Adams County S. P. C. A. to support their operations.

CYNTHIA AND THOMAS FORD FUND - Field of Interest Fund

This fund will be a Field of Interest Fund for civic purposes, including fire and emergency response, local hospital programs and youth recreational sports, including competitive cheering. Funded through estate gifts, the fund will be directed by a committee that includes family members. When the family members are no longer able or willing to serve, the fund will revert as a named fund for distribution by the Distribution Committee of Adams County Community Foundation for community needs.

RONALD L. & CAROLYN KETTERMAN HANKEY FUND - Donor Advised Fund

Born and raised in Adams County, Ron and Carolyn Hankey have a huge heart for this community and been good community stewards in Adams County over many years. As a banker all his career, Ron's work allowed him to stay in Gettysburg and champion causes that were important, not only to him but to Adams County. He is most happy with his ability to be able to start-up programs, like Main Street Gettysburg, the HART Center and AREMS, as well as to provide leadership to Gettysburg Hospital and the Adams County Economic Development Corporation, to name a few organizations. Carolyn raised their family of two children and then worked in an administrative position at the Gettysburg Area School District. Ron and Carolyn believe Adams County Community Foundation is an important institution in this community. This will be a Donor Advised Fund that will convert to a Community Impact Fund when the donors no longer wish to manage the distributions.

THOMAS P. AND ROBERTA C. HENNINGER FUND - Community Impact

Roberta and Thomas went to Gettysburg Area High School together, but they did not marry until later in life. This Fund will provide distribution of earnings from the fund based on current community needs as determined by the Distribution Committee of the Foundation. A competitive grant-making round may be the means by which needs are determined. Distribution of earnings is recommended by the Distribution Committee.

JAMES AND KELLY KAMPSTRA FUND- Donor Advised Fund

This will be a Donor Advised Fund to which the donors may contribute during their lifetime and pass through gifts when desired. Jim and Kelly will serve as donor-advisors. When they are no longer able or willing to serve as donor-advisors, the fund will revert to a Designated Fund for the Adams County SPCA and to a Field of Interest Fund which field will be financial education of young people/students in Adams County and Franklin County. Both funds will retain the names of the original donors. An Advisory Committee of 3-4 professionals will recommend grants.

THE BERNARD, MARY & RICHARD SELBY FAMILY MEMORIAL FUND - Donor Advised/Designated

Richard Selby served on the original distribution committee of Adams County Foundation in 1985. He became committed to the Foundation and its work and when he began his estate planning, he wanted to include the Foundation in his Last Will & Testament. It was after his mother Mary Selby passed away in 2016 that he decided to open this fund with memorial gifts received in her memory. During his lifetime, Dick will recommend distributions from the earnings of the fund. After Dick is gone, the fund is designated to support St. Aloysius Roman Catholic Church in Littlestown; St. Paul's Lutheran Church in Littlestown; Alpha Fire Company in Littlestown; and a portion for undesignated community needs in Littlestown.

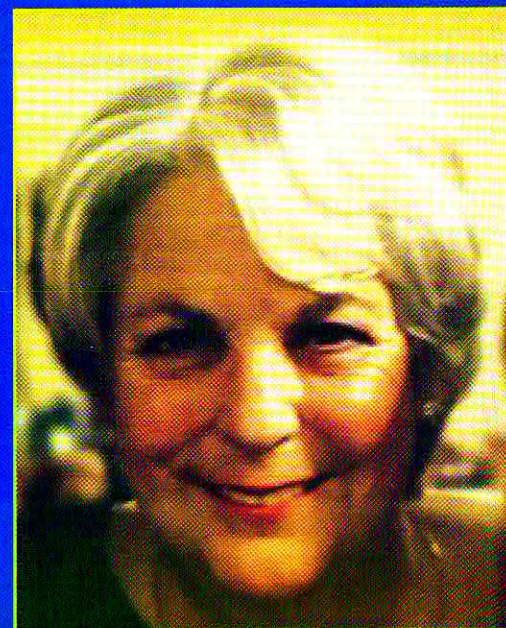

MAYOR TROXELL FUND - Designated Fund

A Resolution to the Board of Directors of Adams County Community Foundation was passed to establish a fund in the name of William E. Troxell, recently retired mayor of the Borough of Gettysburg, for the benefit of the Borough of Gettysburg, PA. Projects for the fund will be based on recommendations from William Troxell during his lifetime and by the Distribution Committee after Mr. Troxell is no longer able to serve in this capacity.

THE FORWARD FUND

Established by Sharon Cline Magraw as a Donor Advised Fund, The Forward Fund represents the donor's desire to pay forward the good fortune of her life to help others. Sharon Cline Magraw is a life-long –and third generation– resident of Gettysburg with a long history of giving back to the community that shaped her. This donor-advised fund will enable charitable gifts to be distributed locally as needed, with a special emphasis on supporting women and families, community service, the arts, and education.

The donor has requested that the corpus may be invaded in order to make a contribution to address a demonstrated community need, with the approval of the ACCF Board of Directors. The donor and her daughters will serve as the Donor Advisors. When none of them is able or willing to serve in this capacity, the fund will revert to a community impact fund in the name of the donor to be distributed by the Community Grant-making program of the Foundation for the good of the community.

2016 New Funds

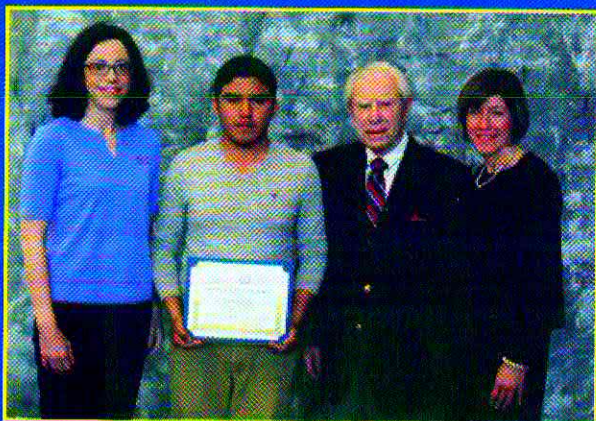

Wolf Scholarship

When Tom and Bobbie Wolf decided to offer a scholarship through Adams County Dollars for Scholars in 2016, it became apparent quickly that the student who received the first annual Wolf Family Charitable Trust Scholarship would be gaining more than just financial support. Through a cooperative agreement with Rice Fruit Company, the student would earn a position at the company to utilize the skills the student was gaining while attending HACC Gettysburg Campus's Mechatronics Certificate Program.

The Mechatronics Program is designed to provide students with the skills they need to repair, maintain and manage automated systems and machinery used in industry today. Local businesses are in need of these skills, so it was a natural fit to engage a local company as a partner, and Rice Fruit Company stepped up.

Jesus Barona from Gettysburg Area High School was selected as the winner for 2016 and he accepted the scholarship with enthusiasm, following through immediately on setting up an interview and drug testing as required by the scholarship to obtain employment with Rice Fruit Company.

The partnership between the donor and Rice Fruit Company is considered a success and the Wolf Family is again offering this opportunity to another graduating student in 2017.

SCHOLARSHIPS

ADAMS COUNTY CHAPTER OF PA ASSOCIATION OF SCHOOL RETIREES

Lady/Swailes Scholarship: This scholarship winner will be rotated among the six county school districts. Adams County Chapter of PASR will select recipients and it will convert to Adams County DFS if they no longer wish to make the selection.

DR. CHARLES H. GLATTFELTER SCHOLARSHIP

This fund, established by his children, Christina and Phillip, will offer scholarships to ancestors of Casper Glattfelder (historical spelling) who was the first of his long family to arrive in the United States in 1720. Through the Casper Glattfelder Society an unlimited pool of candidates can be identified and the student will be required to provide certification of lineal descendency to which the donors will attest. The scholarship will be \$2,000 and offered outside of Dollars for Scholars.

THE WOLF FAMILY CHARITABLE TRUST SCHOLARSHIP.

This scholarship provides a one year scholarship to a student of good standing and demonstrating financial need to attend HACC—Gettysburg's Mechatronics program. Fairfield Area High School students will be given first priority. In the absence of a qualified student from Fairfield Area High School, students from the following schools will be considered: Bermudian Springs High School, New Oxford High School (Conewago Valley School District), Delone Catholic, Gettysburg Area High School, Littlestown Area High School, Biglerville High School, (Upper Adams School District), Other: Qualified Home School graduates.

Permanent Funds Impacting Lives Forever

ADAMS COMMUNITY EMERGENCY FUND - Field of Interest Fund

Responding to the crisis created for human service agencies when in 2009 the PA State Legislature failed to pass a budget on time, Adams County citizens raised money to continue vital local services of child care and shelter for vulnerable people. The contributions became the base for this fund which will provide future relief to address community emergencies. Individual personal emergencies may also be considered.

ADAMS COUNTY MEDICAL SOCIETY & MEDICAL ALLIANCE FUND - Donor Advised Fund

Established by medical families of the Adams County Medical Society and the Adams County Medical Alliance, this fund will support a healthy community through grants to qualified charities meeting community needs in Adams County.

ADAMS COUNTY YOUTH RECREATIONAL SPORTS FUND - Field of Interest Fund

Youth recreational sports teams across Adams County offer young people an opportunity to learn sportsmanship, leadership and team spirit, while participating in a healthy physical activity. This field of interest fund was created to sustain local teams by offering funding for operational expenses.

ADAMS ELECTRIC PROJECT HELPING HAND FUND - Field of Interest Fund

A leader in providing energy to its members, Adams Electric Cooperative is committed to helping people maintain quality of life and health. This fund will provide support to individuals and families who are at-risk for losing their electric service or need financial assistance to reconnect their service.

ALBERT J. LENTZ POST 202 AMERICAN LEGION CHARITABLE FUND - Field of Interest Fund

American Legion Posts are great supporters of their local communities, raising money from their own events and granting the proceeds back to local community charities. This fund will support projects for the betterment of the quality of life of citizens and organizations of Adams County and communities beyond Adams County.

GARY & SUETTA BECHTEL FUND - Designated Fund

Gary & Suetta Bechtel of Fairfield established this restricted fund to benefit their church, Lower Marsh Creek Presbyterian Church, the Community Foundation, and the J. W. Martin Memorial Math Scholarship Fund. Gary served on the Community Foundation's early Distribution Committee. He and Suetta have been strong community servants for many years.

BECKY BOLLINGER AQUATIC FUND - Designated Fund

Becky Bollinger was an inspiration and encourager to those who knew her. She loved life. She loved her family and friends. Of the many activities Becky enjoyed, aquatics was her true passion. She was a Red Cross swimming instructor for almost 50 years. This fund will help children who want to learn to swim achieve that desire. This fund will support the YWCA Gettysburg Adams County's Learn to Swim program for children ages 4-12 years who cannot afford lessons.

CATHY AND JOHN CARSON FUND - Field of Interest Fund

Impacting Musical Performances

The oldest, continuously active, local, community choral organization, Gettysburg Civic Chorus found itself in need of a new venue for its free annual Spring and Winter concerts. The 90-member chorus was thrilled to find space at the new Gettysburg Area Middle School auditorium. One serious flaw in this plan: the baby grand piano presented to the school by alumni back in the 1950s was beyond repair. The music teachers of the Gettysburg Area School District had given up on using the existing grand piano, making do with an upright or electronic piano for performances.

Gettysburg Civic Chorus agreed to share the cost of a new piano with GASD in exchange for a guaranteed concert venue for the next ten years. Funds from Adams County Community Foundation helped make this plan a reality. There is now a new 7 foot concert grand piano at the Middle School for churches, community and out of town groups to use. It was delivered in time to be the crowning glory of the June 2016 concert.

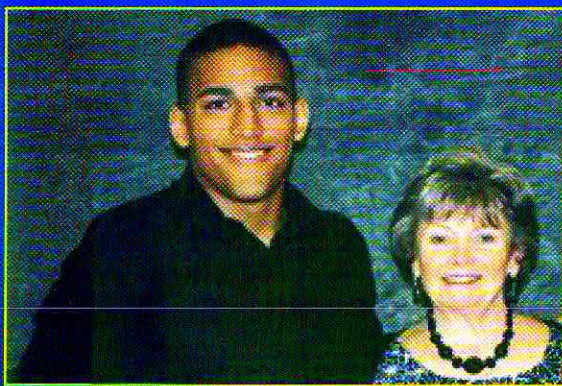

Hart Technical Scholarship Presented

Berne C. Hart grew up in Adams County and attended Biglerville High School. He had aspirations of attending college but lacked the financial means so he left school before graduating and joined the Marines. The Marines were aware of Berne's potential and made it possible for him to earn his high school diploma and attend Officer Candidates School. Mr. Hart served three tours of duty in Vietnam where he earned awards for his valor. After the service, Berne worked at Hughes Aircraft in the Engineering Department and then went on to law school. He practiced aviation and maritime law in Southern California.

In 2016 the first Berne C. Hart Technical Scholarship was offered to a student in Biglerville High School enrolling in a technical school. Dolores Druckenmiller, Berne's loving sister, established the scholarship saying, "Not every student wants to go to college, and a technical school education can be so important for gaining skills that lead to a good job." Michael Southerly was the recipient of the \$5,000 award and used the funds to attend Harrisburg Area Community College where he is studying nursing. Coincidentally, Dolores went to nursing school upon graduation from Biglerville High School in the 1950s.

Michael Southerly learned early on that asking for help is not a weakness. He is doing very well at HACC, utilizes the tutoring center to help him succeed in his classes and has made the Dean's List. He enjoys the college experience at HACC and the learning environment. Michael is proud to report he has successfully passed the difficult anatomy course and will have a busy spring semester. Michael also plans on taking courses over the summer to prepare for the TEAS and apply for clinical studies.

THOMAS W. "TIM" CLINE FUND - *Donor Advised Fund*

Thomas W. Cline, known as "Tim" to his family, friends and admirers, was a lifelong resident of Adams County. He is remembered as a dedicated leader who gave active support to help his home area. This donor advised fund serves as a living memorial to Tim's generous spirit of giving and his "silent support of the community."

COMMUNITY IMPACT FUND - *Community Impact Fund*

The Emma G. Musselman Foundation and the M.C. Jones Foundation provided the initial seed money for the Community Impact Fund. Contributions received by Adams County Foundation throughout the year were added to this fund. Quality of Life Impacted by Gettysburg Brass Band Festival

Our small town of Gettysburg now attracts bands from all over the region to participate in a three-day festival founded in 1997. The 2016 program was funded in part by Adams County Community Foundation, and included bands from Pennsylvania, Delaware, Maryland and New Jersey. The festival also attracts new visitors to Gettysburg. The 440 musicians were appreciated by an audience of 3,500.

The Gettysburg Brass Band Festival features local musicians who perform in the Adams County Community Band. The founders of this festival strive to help young musicians see that instrumental music is not something you have to give up upon graduation from high school. It can be an enjoyable, lifelong endeavor. Most of the board members are trained musicians. President, Ben Jones, is a retired Adams County school band director. Other performances were given by small ensembles, a drum & bugle corps, traditional British style brass bands and the US Army Herald Trumpets. The groups performed in the beautiful park-like setting of the Main Stage on Seminary Ridge, on the Gettysburg Military Park grounds and in locations throughout town.

An instrument petting zoo was a popular event as children of all ages tried a variety of brass instruments. The festival closed with buglers bringing honor at historic sites during the "Taps" tribute.

KNOUSE FOODS COOPERATIVE FUND

- Donor Advised Fund

From a small beginning in April 1949, Knouse Foods Cooperative has grown to become one of the largest apple processing companies in the world and is primarily owned by a large number of growers in the County. worked as a welder, and even owned a used furniture business. Ray established Wherley Trailer Manufacturing in 1959 in Hanover, PA, moving it to New Oxford in the early 1960's. The business today is known as Wherley Trailer, Inc. Ray died on March 30, 2015, and to honor his memory, this scholarship was established to help New Oxford High School graduating seniors interested in studying welding, mechanics, or any tech/trade program to continue their education. Ray was married to Mary Ellen (Davis) Wherley for 62 years.

GREG RICHARDSON ATHLETIC SCHOLARSHIP

Greg Richardson was remembered as a kind, compassionate young man who was loved and respected by all who knew him. Greg lived with his family in Orrtanna and attended Fairfield Area Schools, finishing high school at Gettysburg. An athlete, Greg excelled in soccer, basketball and baseball, winning 6 athletic awards at Fairfield and 5 athletic awards at Gettysburg. One month after graduation in 1994, while vacationing in

Florida, Greg lost his life at the hands of a drunk driver. This scholarship was established by Greg's parents, Del and Tynia Richardson in his memory. It is awarded to an athlete at Fairfield Area High and at Gettysburg Area High Schools who will be pursuing post-secondary education and athletics.

ELIZABETH FERCIOT ROBY ART SCHOLARSHIP.

Elizabeth "Bettie" Roby was a delightful and caring spirit who embraced life to its fullest. She found beauty in everything. After moving to Fairfield in the 1970's, Bettie was inspired to draw and paint the beauty she found there. With her children grown, Bettie pursued her passion in art. This scholarship was established by her daughter, Marcia and her husband, Todd to continue the legacy of a person who so loved to paint and teach.

ROTARY CLUB OF LITTLESTOWN SCHOLARSHIP

For a graduating senior of Littlestown Area High School attending at least an accredited 2-year, but preferably 4-year post-secondary educational program, a student exemplifying the values of Rotary (Service Above Self or the Four-Way Test, or a participant of Rotary's Interact Program), financial need, good academic performance, community, school and/or church service.

HELEN AND ELTON RUTH SCHOLARSHIP FUND

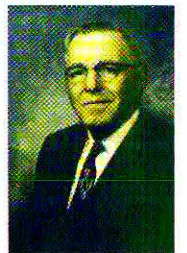

Helen and Elton Ruth established this scholarship for a worthy graduate of New Oxford High School, preferably to those students who go into library work or music.

EMORY & LUTHER SNYDER LITTLESTOWN FOUNDRY SCHOLARSHIP

This scholarship will be open to students attending public or private high school or home school and is not dependent on where the applying student is enrolled, but rather that the student is a direct descendent of a current full-time employee or official retiree of Littlestown Foundry, Inc. Therefore, the student may live

beyond Adams County. The scholarship will defer to a Littlestown Area High School graduate if there are no Foundry qualifying student applicants. No owners or family members of Littlestown Foundry, Inc. stockholders shall be eligible for this scholarship.

LEON D. AND ROSEMARY J. TAWNEY SCHOLARSHIP FUND

Leon and Rosemary Tawney lived in Hanover, PA. They established a Trust to care for a son and asked that the remains of the Trust after their son passed would be used to establish scholarships for students in Littlestown Area School District, New Oxford Area Public Schools/Conewago Valley School District, and Bermudian Springs School District who are pursuing a course of study in any medical related field.

McKinney Scholarship Inspires

The scholarship selection process can be an emotional experience, especially for the families who are honoring the memory of a loved one. The first Meghan T. McKinney Memorial Scholarship was selected in 2016. A group of Meghan's family and close friends gathered at ACCF to read the applications submitted. Each member carefully read through the essays which reflected both the student's goals and family or personal circumstances that have affected their achievements.

Meghan lost her life at the very young age of 23 in a car accident. Selecting a winner to honor this talented young woman was heartbreaking. As the group passed the anonymous applications around the room it became apparent that one application brought a unified response from the readers. This young woman reminded them of Meghan...her academia, athleticism, Christianity and volunteerism. All traits they saw in their daughter/friend.

Madison Shirley, the recipient of the 2016 Meghan T. McKinney Memorial Scholarship is attending Penn State Mont Alto where she is working toward becoming a Physical Therapy Assistant.

Improving Lives Through Art

In a remarkably creative effort to join nutrition education with culinary arts and arts movement, 500 socioeconomically disadvantaged children and their families learned how tasty and fun it is to eat what you make.

Adams County Community Foundation provided \$5,000 toward the costs of the childhood obesity intervention program Eat Smart Play Hard, conducted by the Adams County Arts Council with the cooperation of many great partners.

In this on-going program children ages 3-18 use the nutrition and portion facts they learn to prepare and cook healthy meals and snacks. The Play Hard part of the program incorporates fun movement to build a habit of daily exercise.

Students share what they have learned with their families at home. This is a critical aspect of the program, as low income families are at the greatest risk for long term diet-based diseases, such as diabetes. Students feel empowered when they know how to prepare healthy meals and can show their parents how to use fresh fruit and vegetables. Although our agricultural county is abundant with vegetables and fruits, the price has caused families to make other choices. Through Eat Smart Play Hard they discover where to find low cost or free produce. They get connected with the Gleaning Project, which works to supply salvaged, excess, unsalable, yet edible produce from local farms, orchards and markets to community organizations.

Danielle Thompson, LIU Autistic Support Teacher at Biglerville High School shared some exciting outcomes of the course, "Two students helped prepare dishes for Thanksgiving. One student makes homemade granola with his mom for his snack every day. One student who has been working to lose weight has found the tips for substituting healthier ingredients extremely helpful and expressed his surprise that it still tastes as good as before."

Officer Development Program Impacts Lives

Your local fire department does much more than fight fires. Any hour of the day they are called upon to assist with vehicle accidents, fallen trees, weather events, medical emergencies, and more. Each fire department serves as reinforcement for neighboring communities. The fire department is also a place for leadership development and training.

The Buchanan Valley Volunteer Fire Company (BVFD) is 100% volunteer. Traditionally, those with more experience train the newcomers. To become trained as a firefighter takes nearly 200 hours. To become an EMT requires close to 180 hours of training. Lives depend on it.

In 2016 two Professional Officer Development Trainings were hosted by BVFD. Two classes were held six months apart so that volunteers could apply what they learned and build on it. Hands on, with real life scenarios, these classes were taught by a group of career firefighters from Washington DC and Pittsburgh. More than half of the County's fire companies sent volunteers, so the training covered Adams County. The fact that there was a waiting list speaks volumes about the hunger for training. BVFD raised \$3,500 for this purpose, but turned to Adams County Community Foundation for the balance needed in order to proceed without delay. The results are better controlled emergencies and fewer firefighter injuries.

Henninger Inspired Fund

Roberta Henninger started a scholarship fund at Adams County Community Foundation in 2015 to honor her husband after he passed away. That spring Roberta came to the Foundation's Annual Celebration to receive recognition for establishing this fund. After the meeting, Roberta came to our offices to say, "I am so impressed with what the Foundation does in this community!" She had no idea, until she came to our Celebration, that the Foundation provides grant funding to address community needs.

Having learned that, Roberta decided to start a second fund at Adams County Community Foundation. This fund, the Thomas P. and Roberta C. Henninger Fund, will be funded through a bequest from her estate. It will be a Community Impact fund, distributed by the Foundation's Distribution Committee to organizations addressing significant community needs.

2016 Market Commentary

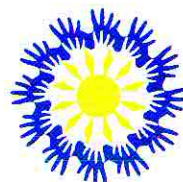

> > > > > > > > > > > > > > >

2016 started with a bang in the stock market to the downside, recovered during the course of the year and then ended the year with a bang to the upside. The year-end upward move surprised most market commentators, but expectations and reality often don't intersect in the stock market and the perceived pro-growth economic agenda of a new administration fueled the markets to new highs. At the same time, the Federal Reserve Board lifted interest rates another notch in December and has since sent signals that more are on the way in 2017. Globally, it was another difficult year for developed countries outside the U.S. as European countries and Japan continued to experience little to no growth and struggle with high employment. Interestingly, the Developed International Market benchmark for the ten year period ending December 2016, has experienced a -.3% annualized compounded return. Emerging markets, although actually positive for 2016 (+11%), has experienced -1.7% annualized return during the same ten year period. Contrast this to the same ten year period in U.S. stocks as represented by the S&P 500, which experienced a +7.1% annualized return.

The Adams County Community Foundation Endowment recorded a +7.2 % return during 2016. We have begun to shift a little additional investment capital into selected emerging markets and international opportunities as we believe there represents interesting longer term possibilities for the Endowment.
