RESOLUTION

WHEREAS, it has come to the attention of the Borough Council of the Borough of Gettysburg, that consideration is being given by the Rail Service Planning Office for the discontinuance of Penn Central and Reading rail service through our county, and

WHEREAS, a number of local industries have been for many years and still are largely dependent on this rail service, the discontinuance of which would prohibit them from efficiently carrying on their individual business enterprises,

NOW THEREFORE, BE IT RESOLVED that the Borough of Gettysburg express concern and objections to the Interstate Commerce Commission, and

BE IT FURTHER RESOLVED that the Borough Council of the Borough of Gettysburg respectfully request the Interstate Commerce Commission to reconsider the decision that this particular portion of rail be labeled an "excess" line, when in reality it is a life blood line through our county, and

BE IT FURTHER RESOLVED THAT this resolution be spread on the minutes of the Borough Council of the Borough of Gettysburg and that a copy be sent to the Rail Service Planning Office.
