

PUBLIC HEARING
MARCH 14, 1988

At 7:15 P.M. President Stokes opened the Public Hearing to receive comments and input re to proposed change of wording of the Zoning Ordinance. The proposal would permit hotels and theaters as a "Use by Right" in the Old Town District.

During the discussion the consensus of those present was that those two terms (hotels and theaters) should be defined. Mr. Larson recommended the Planning Commission work on the definitions. A second hearing will be needed at that time. Mr. Van Arsdale expressed concern about a delay since the only objection seemed to be the lack of definitions. Mr. Frazee recommended the proposal be accepted and an amendment defining these terms be added at a later date.

With no further comments forthcoming the hearing adjourned at 7:25 P.M.

Hazel A. Dillman, Sec.
