Borough Prepares for Snow Emergency

The National Weather Service has issued a Winter Storm Warning for Gettysburg. Snowfall will be heavy during the overnight hours into mid-morning on Thursday, February 9, 2017. Up to 8 inches of snow accumulation is possible, followed by strong wind gusts of 30 mph.

The impacts of this storm are expected to be dangerous travel conditions on snow covered roads with low visibility. Travel on Borough roads is not advised during the height of the storm during the overnight hours.

A snow emergency will be declared for Gettysburg when snowfall accumulation reaches 2 inches. Police and Public Works crews are preparing for the storm and will be on shift during and after the storm to keep roads and alleys passable. **All vehicles must be removed from snow emergency routes during a declared snow emergency.**

The following information is important for all residents and businesses to know:

1. Snow Emergency Routes:

NOTE: Removal of any vehicle along a snow emergency route is required. The Borough reserves the right to tow vehicles along a snow emergency route at the owner's expense. Violators may also be subject to a fine. This action is crucial in order to adequately clear snow from curb to curb.

3. ALL residents and businesses (property owners) along snow emergency routes are responsible for clearing their sidewalks within 12 hours of the end of precipitation. Failure to comply with this requirement may result in a fine.

Residents and property owners are required to clear snow and ice from sidewalks within 24 hours of the end of precipitation along roads not designated as snow emergency routes.

4. Additionally, it is unlawful to place snow/ice in the street. Snow/ice must be cleared to a location other than a street. Gettysburg Police will be prepared to cite violators.

5. Information on the storm and the snow emergency will be updated on the Borough's website. This information can be obtained at www.Gettysburg-PA.gov .
