There is a new vibrancy in Gettysburg, the crossroads of Adams County. People are coming together to change the face of Gettysburg. You can already see the difference.

Main Street Gettysburg has been coordinating and completing huge projects, from the restoration of the David Wills House to the beautification and revitalization of Steinwehr Avenue. Many of the improvements made there will be carried over to our next big project, improving the Baltimore Street historic corridor.

The make-over of Baltimore Street will be no small effort. The cost of this project is projected to be approximately \$11 million. Most of this money will come from grants and donations from outside the Gettysburg area. Main Street Gettysburg is tasked with identifying potential donors and applying for those grants, and in some cases putting up matching funds.

But every dollar donated locally will be leveraged into hundreds of dollars for our community.

Baltimore Street is our current focus. But the work will not stop there. The plans and lessons from Baltimore Street will eventually be carried over to other streets and entrances to Gettysburg. And we want to get everyone involved, everyone who cares about this truly historic crossroads.

Please become part of the effort and become a sponsor now. Join us. Pick a level of support, and become a sponsor today.

We hope you can support our mission financially through a tax-deductible gift.
