Gettysburg. The future of this community is rooted in its history. Most communities search for a unique identity. Gettysburg's is ingrained and profound.

In July 1863, after one of the most important battles on our nation's land, more than 20,000 wounded soldiers were left behind, filling homes, barns, churches and stores used as temporary hospitals. Many of those buildings still exist today. The citizens of Gettysburg rose to the challenge and after Lincoln's Gettysburg Address, the town's identity was forged for all time. It is an honor to be part of this historic community that carries the responsibility for all of us to

be stewards of a national treasure. It is imperative that we keep the town alive and well both economically and historically. The strength, commitment and vision of those early citizens continue today in the spirit of Main Street Gettysburg.

Please become a corporate sponsor of Main Street Gettysburg and help preserve this national historic treasure for future generations.
